HARMON C. McALLISTER, PH.D.
RESEARCH DIRECTOR

September 19, 1988

Dr. Douglas Sweetser
Dept. of Mol., Cell. and Devel. Biology
Porter Biosciences Bldg.
Campus Box 347
University of Colorado
Boulder, CO 80309-0347

Dear Dr. Sweetser:

The Scientific Director and CTR's staff have discussed your request for partial support of the 1989 Graduate Student Symposium "*Pathogen Strategies: Evasion and Suppression of the Immune System*" to be held in Boulder, CO, March 3-5, 1989. The program contains topics of interest to The Council, and the list of speakers ensures that the quality of the meeting will be high.

Although it is unusual for this organization to support symposia emphasizing student attendance, we feel this conference with its unique approach and format is also unusual and worthy of support. I therefore am glad to tell you that we will make a contribution of \$1,000.00 to help defray the costs of the conference. Sometime after November (the beginning of our 1989 fiscal year), we will send you a check for that amount.

In accordance with our standing practice, we request only that these funds not be used to reimburse expenses incurred by any participants from the industrial sector. We also would very much appreciate it if the organizers would hold open one registration slot for attendance by a representative from this organization.

Sincerely,

Harmon C. McAllister
